The program will be a replay of the Keynote speaker from the APDA Midwest Congress Heather Kennedy, the founder of Kathleen Kiddo, an advocacy site offering resources and connection through social media. An entertaining speaker known for her unique talks and film presentations about living with Parkinson's. Talk was truly inspirational.

We will Also have time for an open discussion so bring you question and ideas.

A big thank you to everyone that participated in last month Educational events I was able to record it and I hope to have it available to loan out soon.

A Conversation with Michael J. Fox: On Testing the Limits of Optimism

Michael J. Fox sits down with Foundation Co-Founder Debi Brooks to discuss his latest memoir, “No Time Like the Future: An Optimist Considers Mortality.” Join us for this special conversation during Parkinson’s Awareness Month as Michael answers the question: Are there limits to optimism?

DONATE

As most of you know my wife Barb was diagnosed with Parkinson's over 14 years ago, while she has her daily challenges, she takes everything in stride and never complains.

It is for this reason that I am participating in The Michael J. Fox Foundation's (MJFF) Spring Virtual 5K/10K/Half Marathon.

Yes, you saw that right 5K/10K/Half Marathon, over a 3-day weekend. I realize that it will be a challenge but with your support I will meet this challenge. Will you please consider donating, a donation of any amount will go a long way in helping us find improved treatments and possibly a cure. Thank in advance.

Please follow this link to donate <https://foxtrot.michaeljfox.org/spring/roger?tab=Dashboard>

MJFF is dedicated to finding a cure for Parkinson's disease through an aggressively funded research agenda and to ensuring the development of improved therapies for those living with Parkinson's today.

Your gift will make a real difference: 100 percent of the Spring Virtual 5K/10K/Half Marathon proceeds will go directly to The Michael J. Fox Foundation's high-impact research programs.
